A. H. Birrell, the real estate man, yesterday gave unmistakable evidence that he loves boys. At the corner of Main and First South streets, a hundred "kids" of the newspaper selling fraternity, summoned by the stentorian tones of Kid Bernstein, participated in a gettlest. Mr. Birrell happened to have in his pockets about \$16 in change, halves, quarters, dimes and nickels. These he cast into the air and hugely enjoyed himself as he watched the lads scramble for the coins. The performance was free from "rough stuff," and if there was a lad whi "missed out," a brother of the brother hood generously passed him something to assuage the anguish in his heart.

So well pleased with the behavior of these coming citizens was Mr. Birrell that he invited them to be his guests at the Orpheum at the Tuesday matinee. The management of the affair and the management of the affair and the management of the roughests at the lorpheum at the Tuesday matinee. The management of the affair and the management of the streets which latter is a much more difficult job, was left to the irrepressible Kid Bernstein, and from him the boys must get their tickets.

Students and members of the faculty are greatly disturbed over erroneous reports that have been published concerning the persons who have been dropped from school for failure to pass in sufficient number of hours. It is true that prospective delinquents this year number more than in previous years, but they say no one has been officially dropped from school, as all the marks have not yet been reported. On Monday the faculty will meet and consider the cases of delinquents. Regarding the matter, President J. T. Kingsbury said:

"The report that certain students have been dropped is untrue. The faculty has been dropped is untrue. The faculty has not yet considered the cases of the de-inquents and until it does there is no way of telling who will be dropped or the number. All the cases of failure will be investigated and brought before the fac-
